Wolverine Community Schools Annual Education and Nutrition Benefits Notice

Wolverine Community Schools participates in the National School Lunch Program and the Michigan School Meals Program.

All enrolled students receive breakfast and lunch at no charge each school day, regardless of household income.

Although meals are provided free of charge, some families may still be asked to complete an Education and Nutrition Benefits Form (or other applicable household income form). The information collected helps the district qualify for important federal and state funding that supports educational programs and services for students.

Families are encouraged to complete the form if requested. All information provided is kept confidential and used only for purposes authorized by law.

Households that experience changes in income or family circumstances during the school year may contact the district for additional information.

If you have questions regarding school meals or the Education and Nutrition Benefits Form, please contact:
